

You are invited to a virtual seminar hosted by ICCSSA
on
17 May 2022 from 15:00 -16:00

GUEST SPEAKER:

Lugmaan Omar is the Chief Director of Data Operations in Stats SA. The Data Operations division is primarily responsible for the processing of all household surveys and censuses in addition to administrative data sources.

Title: Census 2022 – A Digital Census

Census 2022 is South Africa's first high-tech count – Conducting a Census during a pandemic has led to many countries modifying their original activities to successfully implement census operations. The presentation will discuss technologies and procedures used in the census for reducing face-to-face interviews and for improving population coverage, including the use of self-interview methods with online questionnaire, and telephone interviews.
