

You are invited to attend a virtual course hosted by ICCSSA

Spatial Data Science

PRESENTER:

Prof Inger Fabris-Rotelli is currently an associate professor in the Department of Statistics, University of Pretoria. She holds a PhD Mathematical Sciences, obtained in 2013, an MSc Applied Mathematics, a double BSc (Hons) in Mathematical Statistics and Applied Mathematics and a BSc Applied Mathematics. Her research interests are in spatial statistics and GIS, as well as remote sensing and general image processing, including spatial epidemiology and criminology.

SPATIAL DATA SCIENCE

COURSE DESCRIPTION

This course is an introduction for those who would like to start with spatial analysis, namely any data with a location parameter. It is targeted towards beginners so no prior knowledge or experience is required.

PRE-REQUISITES

- No prior knowledge is required
- We will be using RStudio and R. Please have it installed before the session.
